

ACD: Who We Are

Accessible Communication for the Deaf is an innovative and personalized full service Interpreter Referral Agency.

We are dedicated to bridging the gap in communication between the Deaf and the hearing.

Our company, Accessible Communication for the Deaf, provides sign language interpreting services which enable our clients to effectively deliver on their responsibility to make public services accessible to the Deaf and Hard of Hearing community.

Since 2003 Accessible Communication for the Deaf has been dedicated to providing these services through qualified sign language transliterators and interpreters throughout Central and South Florida.

..........
Interpreters working for ACD abide by the Interpreter's Code of Professional Conduct which stresses confidentiality, impartiality and integrity in all interpreting situations.
..........

We maintain the highest of standards by working exclusively with screened and certified interpreters. We realize that working with Deaf and Hard-of-Hearing individuals may be quite challenging at times, especially for those unfamiliar with the unique language and culture of the Deaf.

The Interpreter Education Program at ACD covers a variety of subject areas of interest to our clients: the role of an interpreter, a historical overview of the interpreting profession, public speaking techniques, understanding of and sensitivity to the Deaf community, physical factors involved in interpreting, and extensive guided practice in interpreting skills.

Our ACD mission is to provide the best professional and qualified sign language interpretation to meet the needs of companies and institutions that interact with the Deaf and Hard-of-Hearing community.

These include but are not limited to physicians and hospitals, medical and dental appointments, counseling sessions, small businesses as well as large corporate staff meetings, job interviews, seminars and trainings; educational, religious, and legal settings and special events such as conventions, theatrical performances and weddings.

ACD would like to be considered your liaison between your company and the Deaf or Hard-of Hearing individuals you serve, allowing your company to be in full compliance with the Americans with Disabilities Act which ensures that individuals with disabilities get equal and reasonable access to all of your services.

In other words, wherever you need us, we'll be there! Just let us know how we can assist you! We are available 24 hours a day to provide these services.
